This is a great opportunity to earn Silver points while playing amongst your peers in a relaxed and friendly environment. A shortened matchpoint game is followed by expert hand analysis by experienced Central Ohio teachers while you enjoy a light lunch with your friends. Hand records and a brief handout with suggested auctions is provided for the discussion. Detailed analysis is emailed to you after the session.

This session is designed primarily for our Non-Life Masters. Any Non-Life Master may play with a Life Master who has fewer than 750 points.
